

WORD CHASE

START 			STOP! Go back to START!
STOP! Go back 1 space!			
			STOP! Go back 1 space!
STOP! Go back 2 spaces!			WATCH OUT! You lose 1 turn!

HOW TO PLAY:

You will need a coin or other object as your moving game piece(s), 1 dice, and 10 words/spelling words. Write your words in the empty boxes. Place your game piece on START. Now roll the die/dice in the middle of the game sheet and move your game piece around (following the direction of the arrow). Example: if you rolled a 4 with your die/dice you will move your game piece 4 spaces. When you land on a word, you must read it and spell it aloud. Beware of the blocks that will move you back or make you lose a turn! The object of the game is to move around the entire game sheet and be the first player to make it back to START. This will also help to master words! Word Chase is perfect for 2 players or play alone just for fun!
